

Here are three Bios for Dale Spencer, Please select the one that suits your needs.

Dale Spencer – BIO -- 318 words

Dale Spencer was leading the life of an average college student when at the age of 20, an unforeseen injury changed his life forever. Left paralyzed, Dale had to adapt to new ways of doing everyday tasks, getting around, interacting with people, finishing college and entering the workforce. Dale has triumphed over adversity and risen to the top of his profession, he continues to give back to his community, grow and take on new challenges. By using simple techniques to keep his fear in check and his mind focused, Dale has been able to achieve his life goals. Now he is sharing his experiences and helping others to attain their goals and ambitions.

Dale Spencer is a specialist at aiding in the realization that each of us is already equipped with the necessary tools to achieve success, regardless of our circumstances.

Dale takes his audiences on a journey of real-life experiences and revelations. Together they identify obstacles, both professional and personal, which are common road blocks to achieving success. By re-introducing us to the skills we already have, Dale is able to illuminate the road to success.

All of Dale's programs are interactive with the audience and include a question and answer period at the end of the program.
